

Message from the President 2001-03 Session

Dear Members, Graduates, Students and Supporters of the Alumni,

For the past sessions, there were many enthusiastic committees have joined the Alumni committee, to build up a very strong working team and make the events shown in this brochure happened. This is a very good moment for me to retire from the President post and let the strong team lead.

This is my honor and pleasure to serve the Alumni. May I take this opportunity to express my deepest appreciation to all Committees and Supporters. For the past sessions, it was the most rewarding period of my Alumni life.

Looking forward to having your continue support to the upcoming session.

Ricky Chau

Event Highlight

Professional Network (Linkage)

We have developed a strong linkage with several professional bodies (IEE UK & IEE HK, HKIE, CIM) ; local trade association (Federation of Hong Kong Industries) and The Alumni Affair Development Office of the Hong Kong Polytechnic.

We have also strengthened our internal networks: Happy Hours, Social Gathering Dinners, Christmas Dinners, Technical Visits & Golf Day provide a very good networking environment for our members.

Professional Services (Contribution)

Experience Sharing Section (Orientation and Project Talk) are the mostly welcome event for the students.

Aside from giving support to the current IGDS Students, our committees and members have joint Mentorship Scheme for the Dept. of ISE, IEE-HK & HKIE.

The Alumni also worked as supporting organization for FHKI on seminars and Outbound School for BoundAbout 2002 & 03.

Professional Development

IEE & EC Workshop is another overwhelming activities organized by the Alumni. We have successfully gathered more than 70 applicants to pursuit MIEE and C.Eng qualification before the SARTOR 2 deadline.

Aside from IEE, we have already approached HKIE and CIM for qualification issues.

The Alumni has jointly organized Professional Seminar and Workshop together with IEE, HKIE, FHKI, such as, Legal Aspect on Professional Liability Part I - IV, Professional Seminar on Production Enhancement & Technical Visits.

The University of Warwick & The Hong Kong Polytechnic University Manufacturing Alumni Association

(WPUMAA - The IGDS Alumni – HK)

英國華威大學及香港理工大學製造工程系舊生會
